Minuteman Memories
Volume X 1982
Charlton, Massachusetts

Just open the door and come on in.

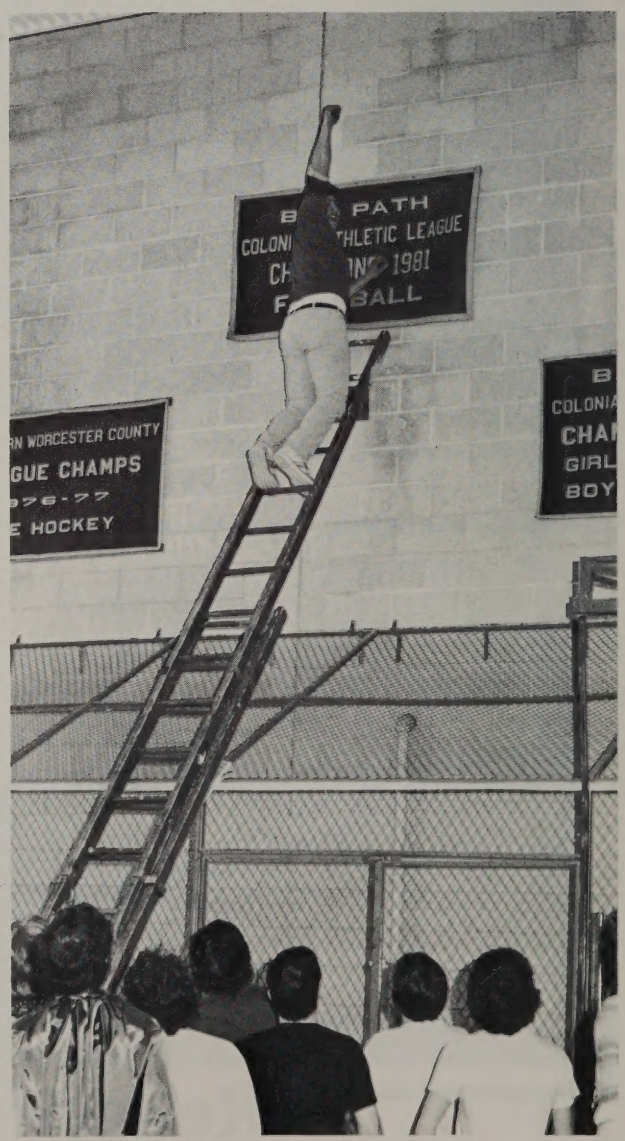
"Knock, Knock!"
"Who's there?"
"Lettuce."
"Lettuce who?"
"Lettuce come in and show us around."

Showing you readers all that makes BPVHS the school that it is, is just a part of this yearbook's job. It will also document the year in words and pictures, helping you to remember the best (and worst) times of your freshmen or sophomore or junior or senior year.

But before all of that starts, there are a few things you should know which make a building filled with people a school. Oh, sure, the obvious things like students, teachers, paper, pencils, desks and bells are all there, but BPVHS wouldn't be a school without:

l — o — n — g morning announcements;
unscheduled fire drills;
10 demerits;
graffiti on the walls;
ten week report cards;
changing classes through an overcrowded hallway;
gossip;
that dumb orange caper;
preppy clothes;
smoking area closed all 3 lunches;
french fries and cake;
frozen milk;

Turn the pages and we'll show you Bay Path High School. Go on now and read. Enjoy the memories that this book will hold for you forever. And always ask who's knocking at the door.



WELCOME

We, the Senior Class Officers, welcome our teachers, parents, friends and especially our classmates to recapture and relive the events and memories of our last year together at Bay Path. As the 1982 "Minute Man Memories" rounds out Bay Path's first decade, it is our hope that this collection of photographs will bring fond remembrances for years to come.

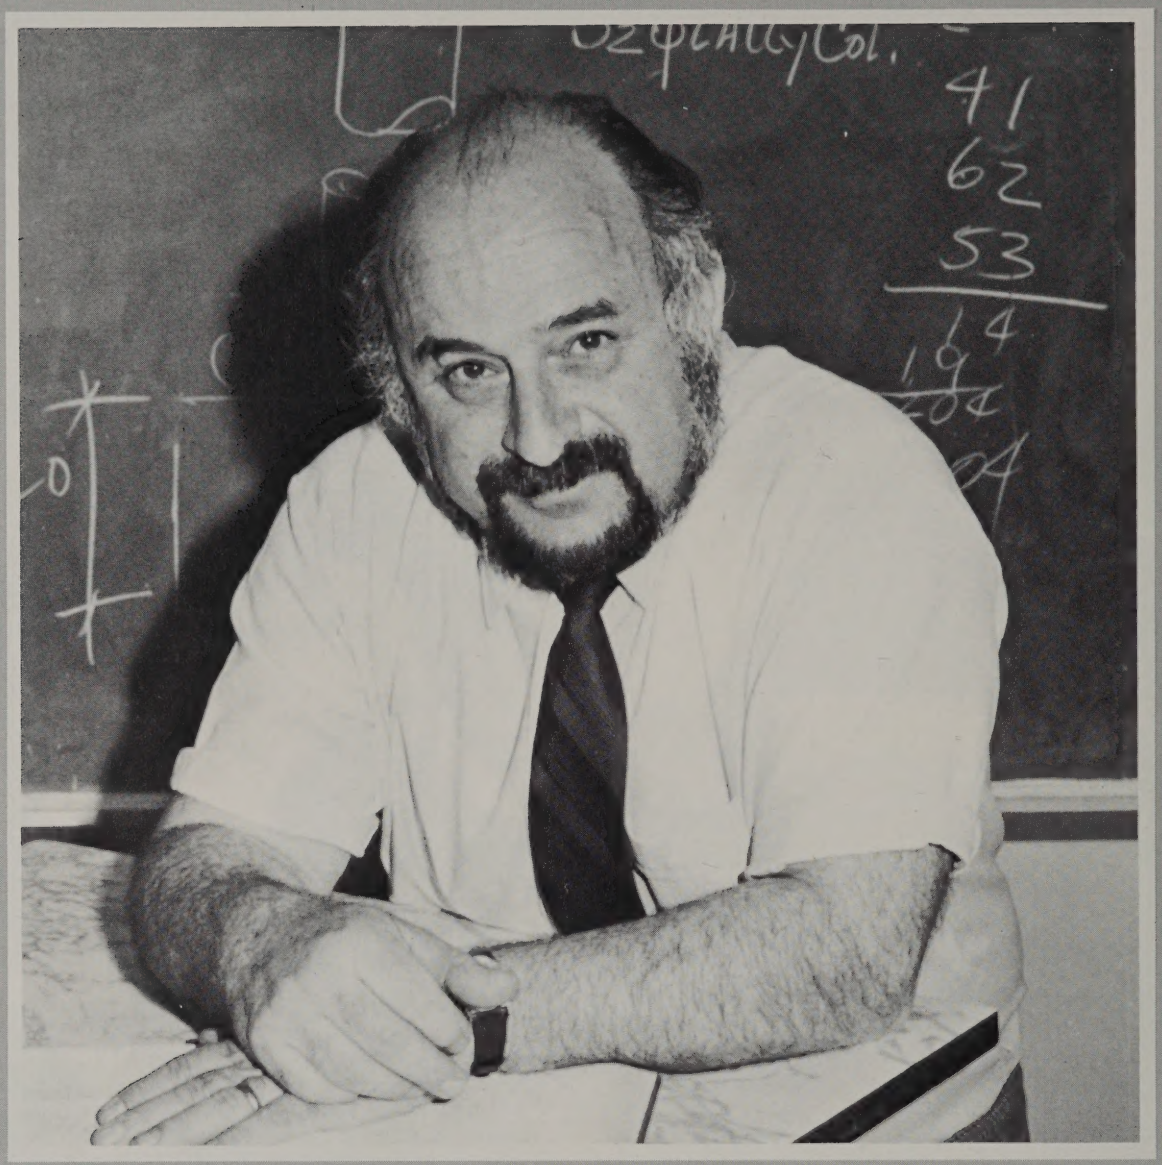
DEDICATION



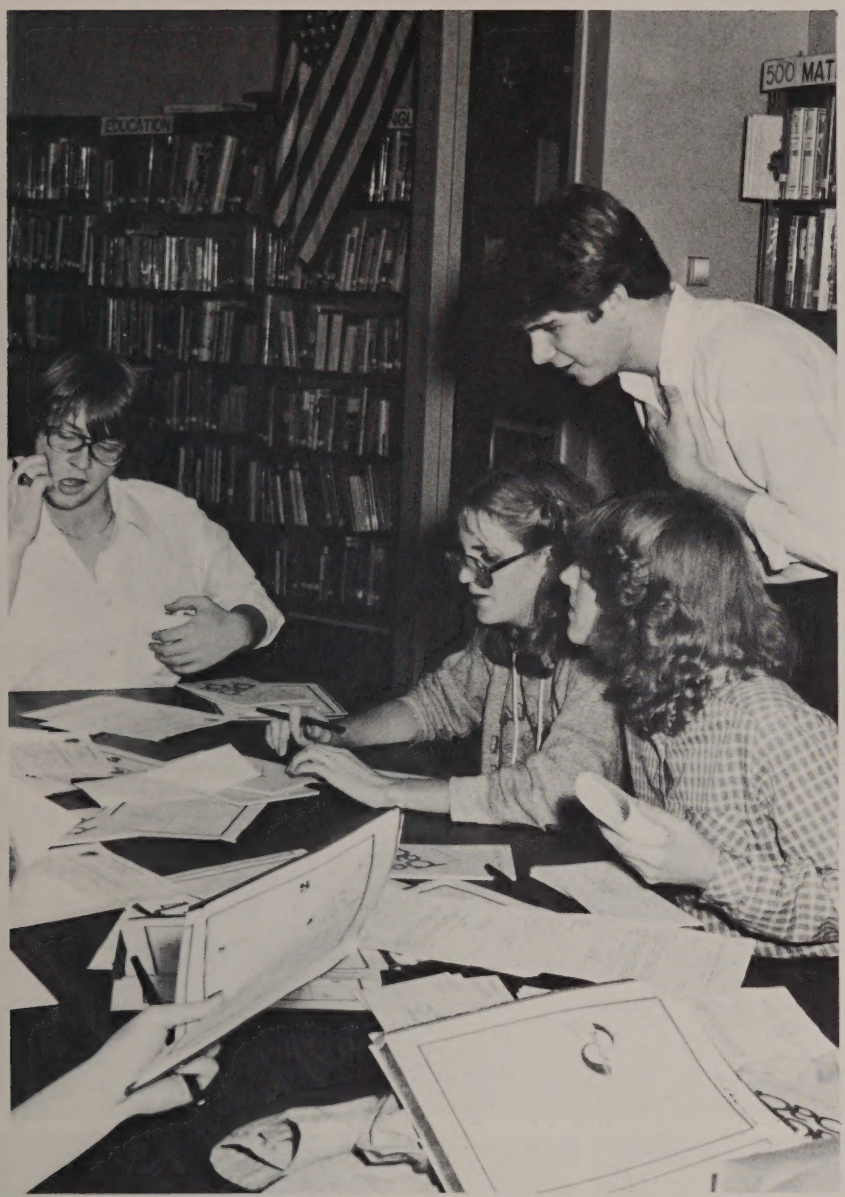
As the graduating Class of 1982, we would like to dedicate this our 1982 "Minute Memories" to Mr. Arshag Karagosian. He has devoted all his spare time . . . and ours, to the completion of this yearbook. Without this bald Armenian's encouragement and motivation this book might not have been.

In the past ten years, Mr. K has served in the following capacities, Blueprint Reading Instructor, Drafting Shop and Related Instructor, Co-op Director and has held various positions as Advisor for Camera Club, and has been Yearbook Advisor for seven different editions and Assistant Track Coach for two seasons.

We wish to express our thanks to this instructor, advisor and friend for all his help. Thank you Mr. A. Karagosian (Butterball to those who know and love him) for being here to help us.

You will always be with us.

YEARBOOK STAFF



The staff began its work in September of their Senior year, and they finally finished on June 23. This is the way it usually goes, and a lot of hard work and sweat are involved. If it were simply a matter of slapping pictures on a page, our job would be simple. Surprisingly, a lot of books are done just that way. However, some groups are conscientious and want to do a good job. This involves taking reproduction quality photographs (and we always get it!), transferral of those photos to layouts (and we get them off in time), writing and typing of copy, and assembling of all materials. Even after the material is gathered together, we have to constantly check and re-check to make sure that no mistakes are made. The book tries to reflect the class and in this respect, it works. Some people may not like it, but it is the result of nearly a year's work. The people pictured here — Jeffrey Ryan, Pamela Cofske, Marie Gregoire, Jean Vigeant, David Daigneault, Wendy Wood, Laurel Cordeiro, Jacquie Ryan, and Keith Casey worked hard to make this book a success and my heartfelt thanks goes to them. Special thanks to Mrs. Clark for proofreading, Casson & Foster for a job well done, and to my buddies Ron Bertrand, Patrick Roche and Chris Vigeant, a special thanks for assisting when needed and to John Carrier our Yearbook Rep. a special thanks for his patience, understanding and helpful ideas in making this book a success.

Mr. Arshag Karagosian
Yearbook Advisor

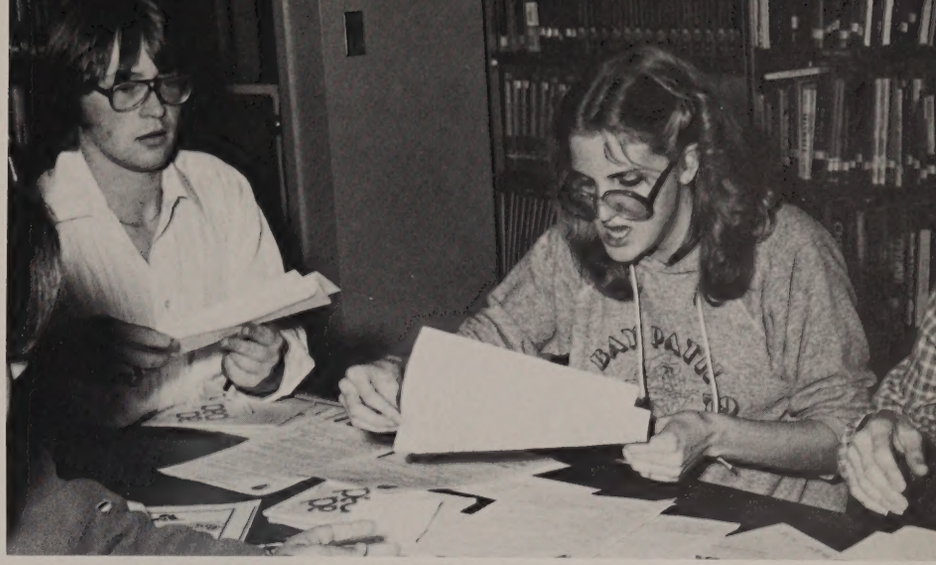
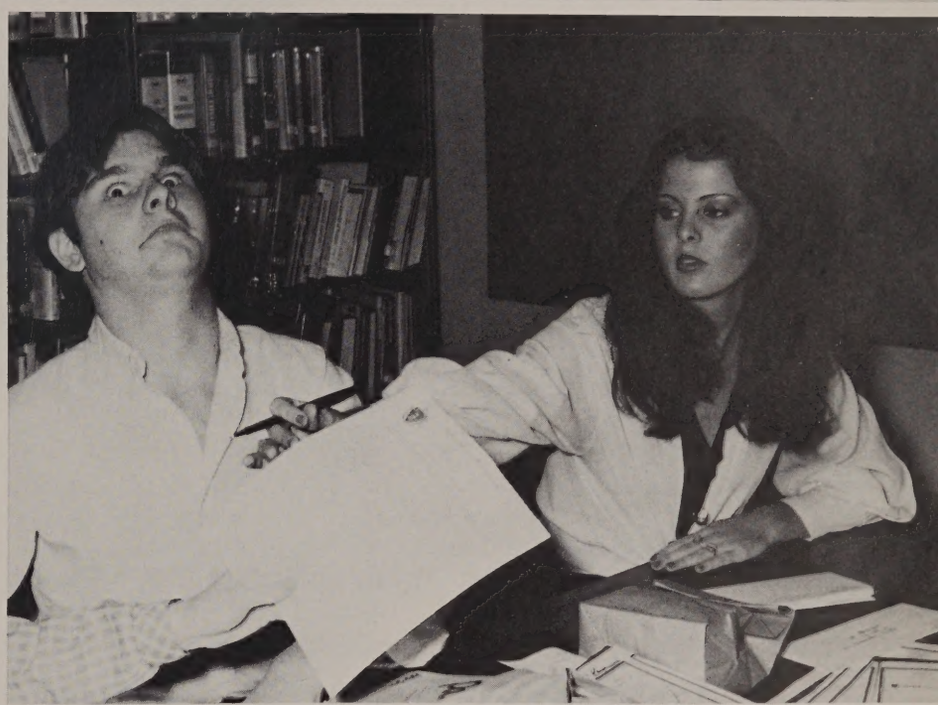
ELECTRONICS





After all the work, the hours, the headaches and the hundreds of mistakes we can finally say "It's done." Watching this yearbook grow from only an idea to a reality has been a rewarding and humbling experience. It taught us to forget personalities and private expectations and to work as a team; to strive as one! There were times we felt it was hopeless. But that didn't last long for we were too busy to despair. And now that it's done we can all sit back and perhaps smile a little smile of accomplishment and whisper a sigh of relief.

Thank you all,
Jeff Ryan

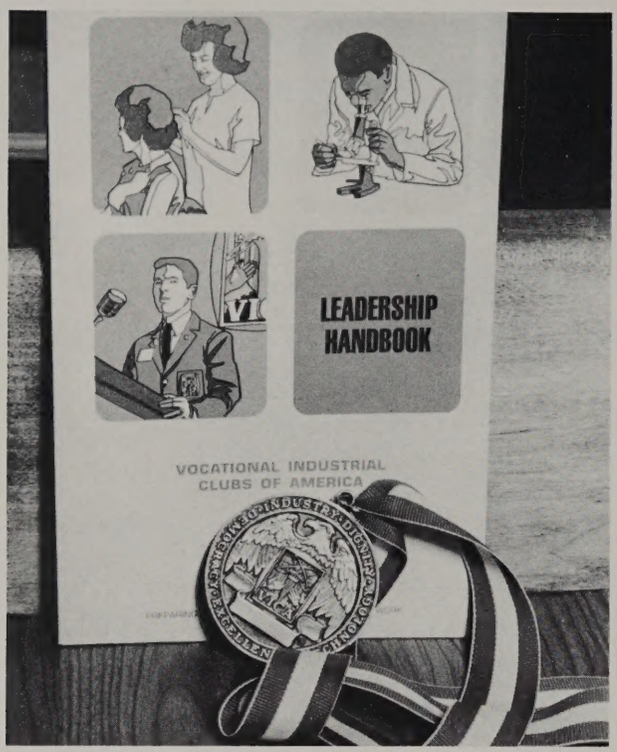
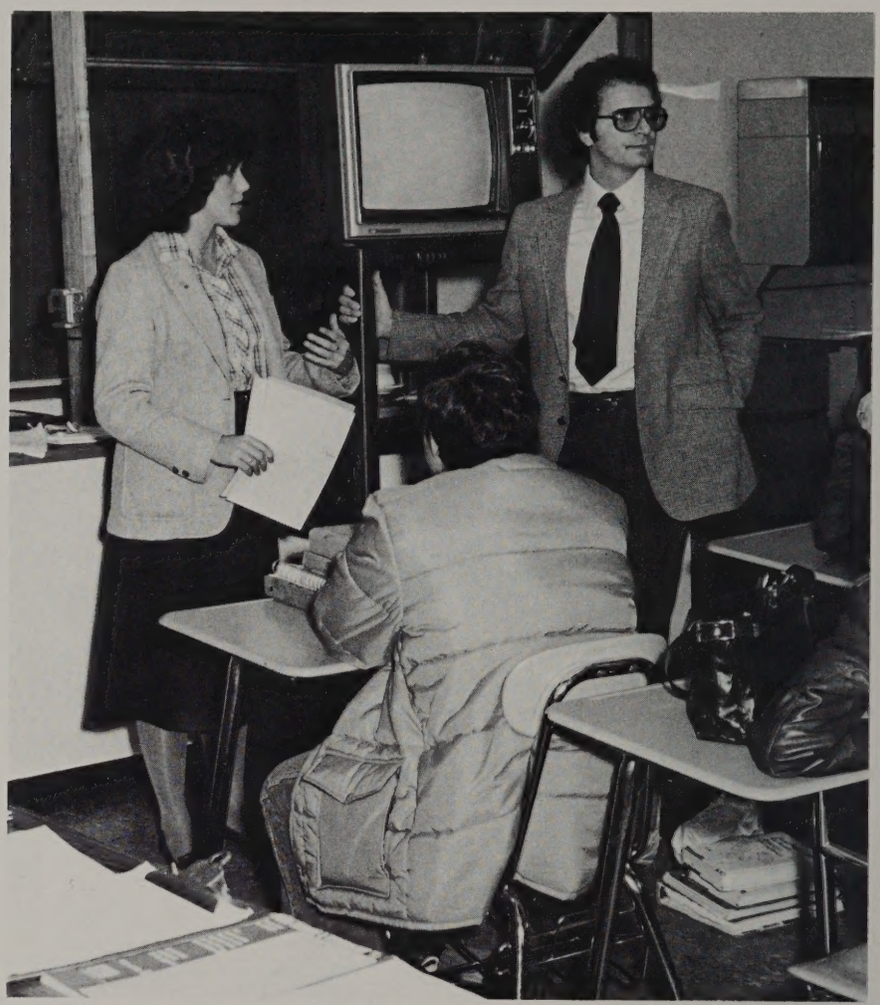
V.I.C.A. comes to Bay Path

The Vocational Industrial Club of America was brought to Bay Path to help students develop those competitive skills and abilities needed for employment. The V.I.C.A. program's main thrust is the Skill Olympics. V.I.C.A. students, within their shop, compete among themselves during their local competition. Winners then compete in the District Olympics and the State Skill Olympics; competing against all other vocational schools in the V.I.C.A. program. The State Competition then leads to the V.I.C.A. Skill Olympics, the National Competition. At each level students who do well receive first, second and third place medals of gold, silver and bronze. Bay Path, on its first venture in V.I.C.A., went all the way to the State Competition. All competition is judged by members of Industry.



Gold medal awards show that V.I.C.A. is #1.



Mr. Benjamin Monfredo and Diane D'Olympio make their presentation to the culinary arts students.

Cosmetology student Bonnie Norsigian is carefully watched while roller setting Jeanne Clark.

Tami Gonce puts the finishing touches on Donna Toukonen while the judges check her work.

Let's find out if it's loaded

Mr. Fowler receives his award.

The student body listens attentively.

Meg and Jean rest.
